

# Financial Literacy Fair

Friday, April 27<sup>th</sup>, 2018

This year, students have been working hard to develop their “Money Sense” - recognizing the appearance of and the monetary value of currency, solving real-world problems involving money, and identifying their needs and wants with respect to money. To celebrate all that we have learned this year, Westmount Elementary will be holding its first ever Financial Literacy Fair at our school on Friday, April 27<sup>th</sup>. Students will be participating in a number of stations throughout the day. Our event will wind up at the end of the day with an assembly in our gymnasium. Parents are invited to join us at any time in the afternoon.
